

To our valued clients,

# None of us are going anywhere...just yet!

*But we hope we can be sending you away somewhere soon.*

Firstly, travel somewhere in New Zealand, and perhaps somewhere you have never been before. Or maybe to your 'favourite place on the whole planet' - Warwick's is Mount Cook, what's yours?

Yes, the world has had a massive 'reality check', and the new normal in many aspects of our lives, may be a lot different to what we had become accustomed too. But also, it may well be an even better 'normal' than what we have known.

Our international air and ocean borders may be closed, but we live in the most wonderful country in the world. Consider during your time at home things that you haven't seen or done, or what you wish to go and revisit in this magnificent country.

Have you meandered the Milford Track, have you seen Stewart Island, driven the Desert Road, toured Tutukaka?

*We need you, our customers, and we know how much you have appreciated us in the past. Please tell your friends and relatives to contact us also with anything travel and hospitality related.*

**If you follow us on facebook you will see the many accolades clients have posted, in gratitude of our endeavours in repatriating them during this latest crisis.**

Every one of us are facing a multitude of challenges well beyond our control, and will still face more, well after lockdown ends. But while we have got time to dream, we would love to hear of your travel dreams.

We first opened our doors in 1981, 39 years ago, and we have been through many crises. This latest one, will make our business more difficult than ever, but **we will still be here for you.**

We will keep in touch with you, and do our best to keep your travel dreams alive (watch this space) so when the time is right, get in touch. Please phone us anytime on (03) 9637000, or email [info@hcbtravel.co.nz](mailto:info@hcbtravel.co.nz).

In the meantime best wishes, and keep well.

Jacquie, Sarah, and Warwick
