## IMPORTANT TRAVEL INFORMATION

### **AIRLINE BAGGAGE ALLOWANCE:**

Please refer to your Electronic ticket, or clarify with your travel agent.

Please ensure all luggage is clearly labelled inside and out with your name and home address.

### **CARRY-ON BAGGAGE REQUIREMENTS:**

All containers with liquids, creams, gels, pastes and similar substances will have to BE CARRIED IN A SINGLE RE-SEALABLE TRANSPARENT PLASTIC BAG, no larger than one litre in volume, and be inspected separately at the airport screening point. Each container within the clear plastic bag should not have a capacity greater than 100 millilitres and all should fit comfortably in the resealable plastic bag.

*Please refer to the pamphlet in your ticket wallet for further information.*

Power-banks must be carried in your carry-on luggage. If they are found in checked bagged when it is screened after check-in, it may be removed directly from the bag without reference to the passenger. Electronic devices in your carry-on luggage must be fully charged in order for them to be screened and turned on if required. If not fully charged you will risk having them confiscated.

Carry-on baggage dimension limits vary between airlines, but as a guide the size of a bag is calculated by measuring its length, width and height, (including any wheels and packed away handles) then adding the three measurements together. The total for any carry-on bag can be up to 118cm (46.5 inches).

Please refer to the airline website for more specific information if required.

### **CHECK-IN TIMES:**

Please ensure that you check in at least 60 minutes prior to departure of domestic group flights. Some airlines have specific check in requirements which must be adhered to.

### **AIRLINE APPS:**

It is recommended that you obtain the apps for each airline you are travelling for the most up to date information on the flights you are booked on. Upload your airline booking reference into your app to access your personal flight information. Online check in may not be possible on group bookings.

**FREQUENT FLYER DETAILS:**

Please note it is your responsibility to advise us of your frequent flyer membership details. You must retain your airline boarding passes and a copy of your airline ticket, as you require these documents in case the airline does not correctly capture your travel details. Please ensure you check your statement on your return.

**HOTEL BONDS:**

Upon check-in at hotels, you will be required to provide your credit card or a cash bond for security on additional charges incurred during your stay. This is standard procedure at most hotels, and we therefore recommend you have sufficient funds available for this purpose.
