INTRODUCING HERITAGE EXPLORER

New Zealand-built expedition yacht *Heritage Explorer* joins Heritage Expedition's small ship fleet creating new opportunities of discovery around the shores of New Zealand. Setting a new standard for discovery travel in New Zealand, *Heritage Explorer* combines the ultimate in comfort with unique itineraries and a personalised experience with a maximum of just 18 guests on board.

Heritage Explorer is a 30-metre, 4-deck New Zealand flagged vessel built in 2004 by the renowned wooden boat building family Carey's Boatyard in Picton. Cutting a striking profile in the water, *Heritage Explorer* boasts a considered design that's both ahead of its time and showcases a clever balance of privacy, comfort, spaciousness and agility allowing her to explore the best of New Zealand's backyard while introducing new levels of bespoke comfort.

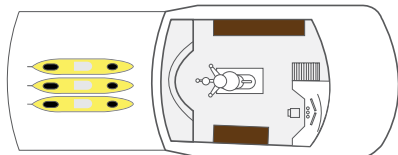

Heritage Explorer continues Heritage Expeditions proud history as ambassadors for conservation, pioneers of discovery, and leaders in expedition travel to the world's best-kept secrets. Heritage Expeditions pioneered conservation-driven, authentic small ship expedition cruising in 1984 and has been sharing some of the most wild, least-explored and biologically rich regions on the planet with small numbers of guests ever since.

LIFE ON BOARD

THE ULTIMATE ESCAPE

Leave the cares of the world on land as you enjoy a warm welcome aboard *Heritage Explorer* from our captain and expedition team as your unforgettable adventure exploring some of New Zealand's most spectacular locations begins.

Once on board you are free to relax, and do as much or as little as you like. Enjoy pre-arranged daily excursions that have been designed, selected and tested by our team of experts and daily meals expertly prepared by our passionate chef all matched with locally selected wines.

Expedition guides are on hand to interpret the natural history and conservation efforts, guide wildlife encounters and lead tender excursions. Full use of kayaks and fishing equipment along with the option for snorkelling/diving charters offer a variety of ways to enjoy your escape with us.

Heritage Explorer's more personalised style of small group travel has been specifically designed for those who prefer in-depth discovery and engaging with like-minded fellow travellers.

CUISINE

A GASTRONOMIC ODYSSEY AWAITS ...

Your adventure continues on board where our talented chefs are waiting to take you on a gastronomic odyssey showcasing fresh, local produce or, perhaps, your catch of the day.

Recount the day's events with new friends over our selection of New Zealand wine and beer in the bar, or drink in sensational sunsets as you sip a cocktail on the deck.

When it comes to dining join the communal festivities of our resplendent dining room with 180-degree views, or enjoy an intimate moment with a private, al fresco dining experience, the choice is yours.

EXPERT GUIDES

OUR EXPEDITION TEAM

Heritage Expeditions' renowned team of naturalists, botanists, historians and experts are on hand to interpret the natural and human history discovered during each voyage, ensuring guests maximise every opportunity to learn, discover and experience as much as possible during their voyage. Our expedition team includes:

Aaron Russ has grown up surrounded by wildlife and wilderness. He has been an Expedition Leader on over 100 expeditions to the world's most remote regions. With a degree in zoology, a passion for photography and a desire to showcase the world's premier natural history destinations, Expedition Leading comes naturally.

Nathan Russ has also grown up in the family business and has worked as a chef on expedition vessels around the world. A keen and capable Expedition Leader, he has led numerous expeditions, including Spitsbergen, Antarctica, the Subantarctic Islands and all of our voyages in Russia. He also manages the company's vessels.

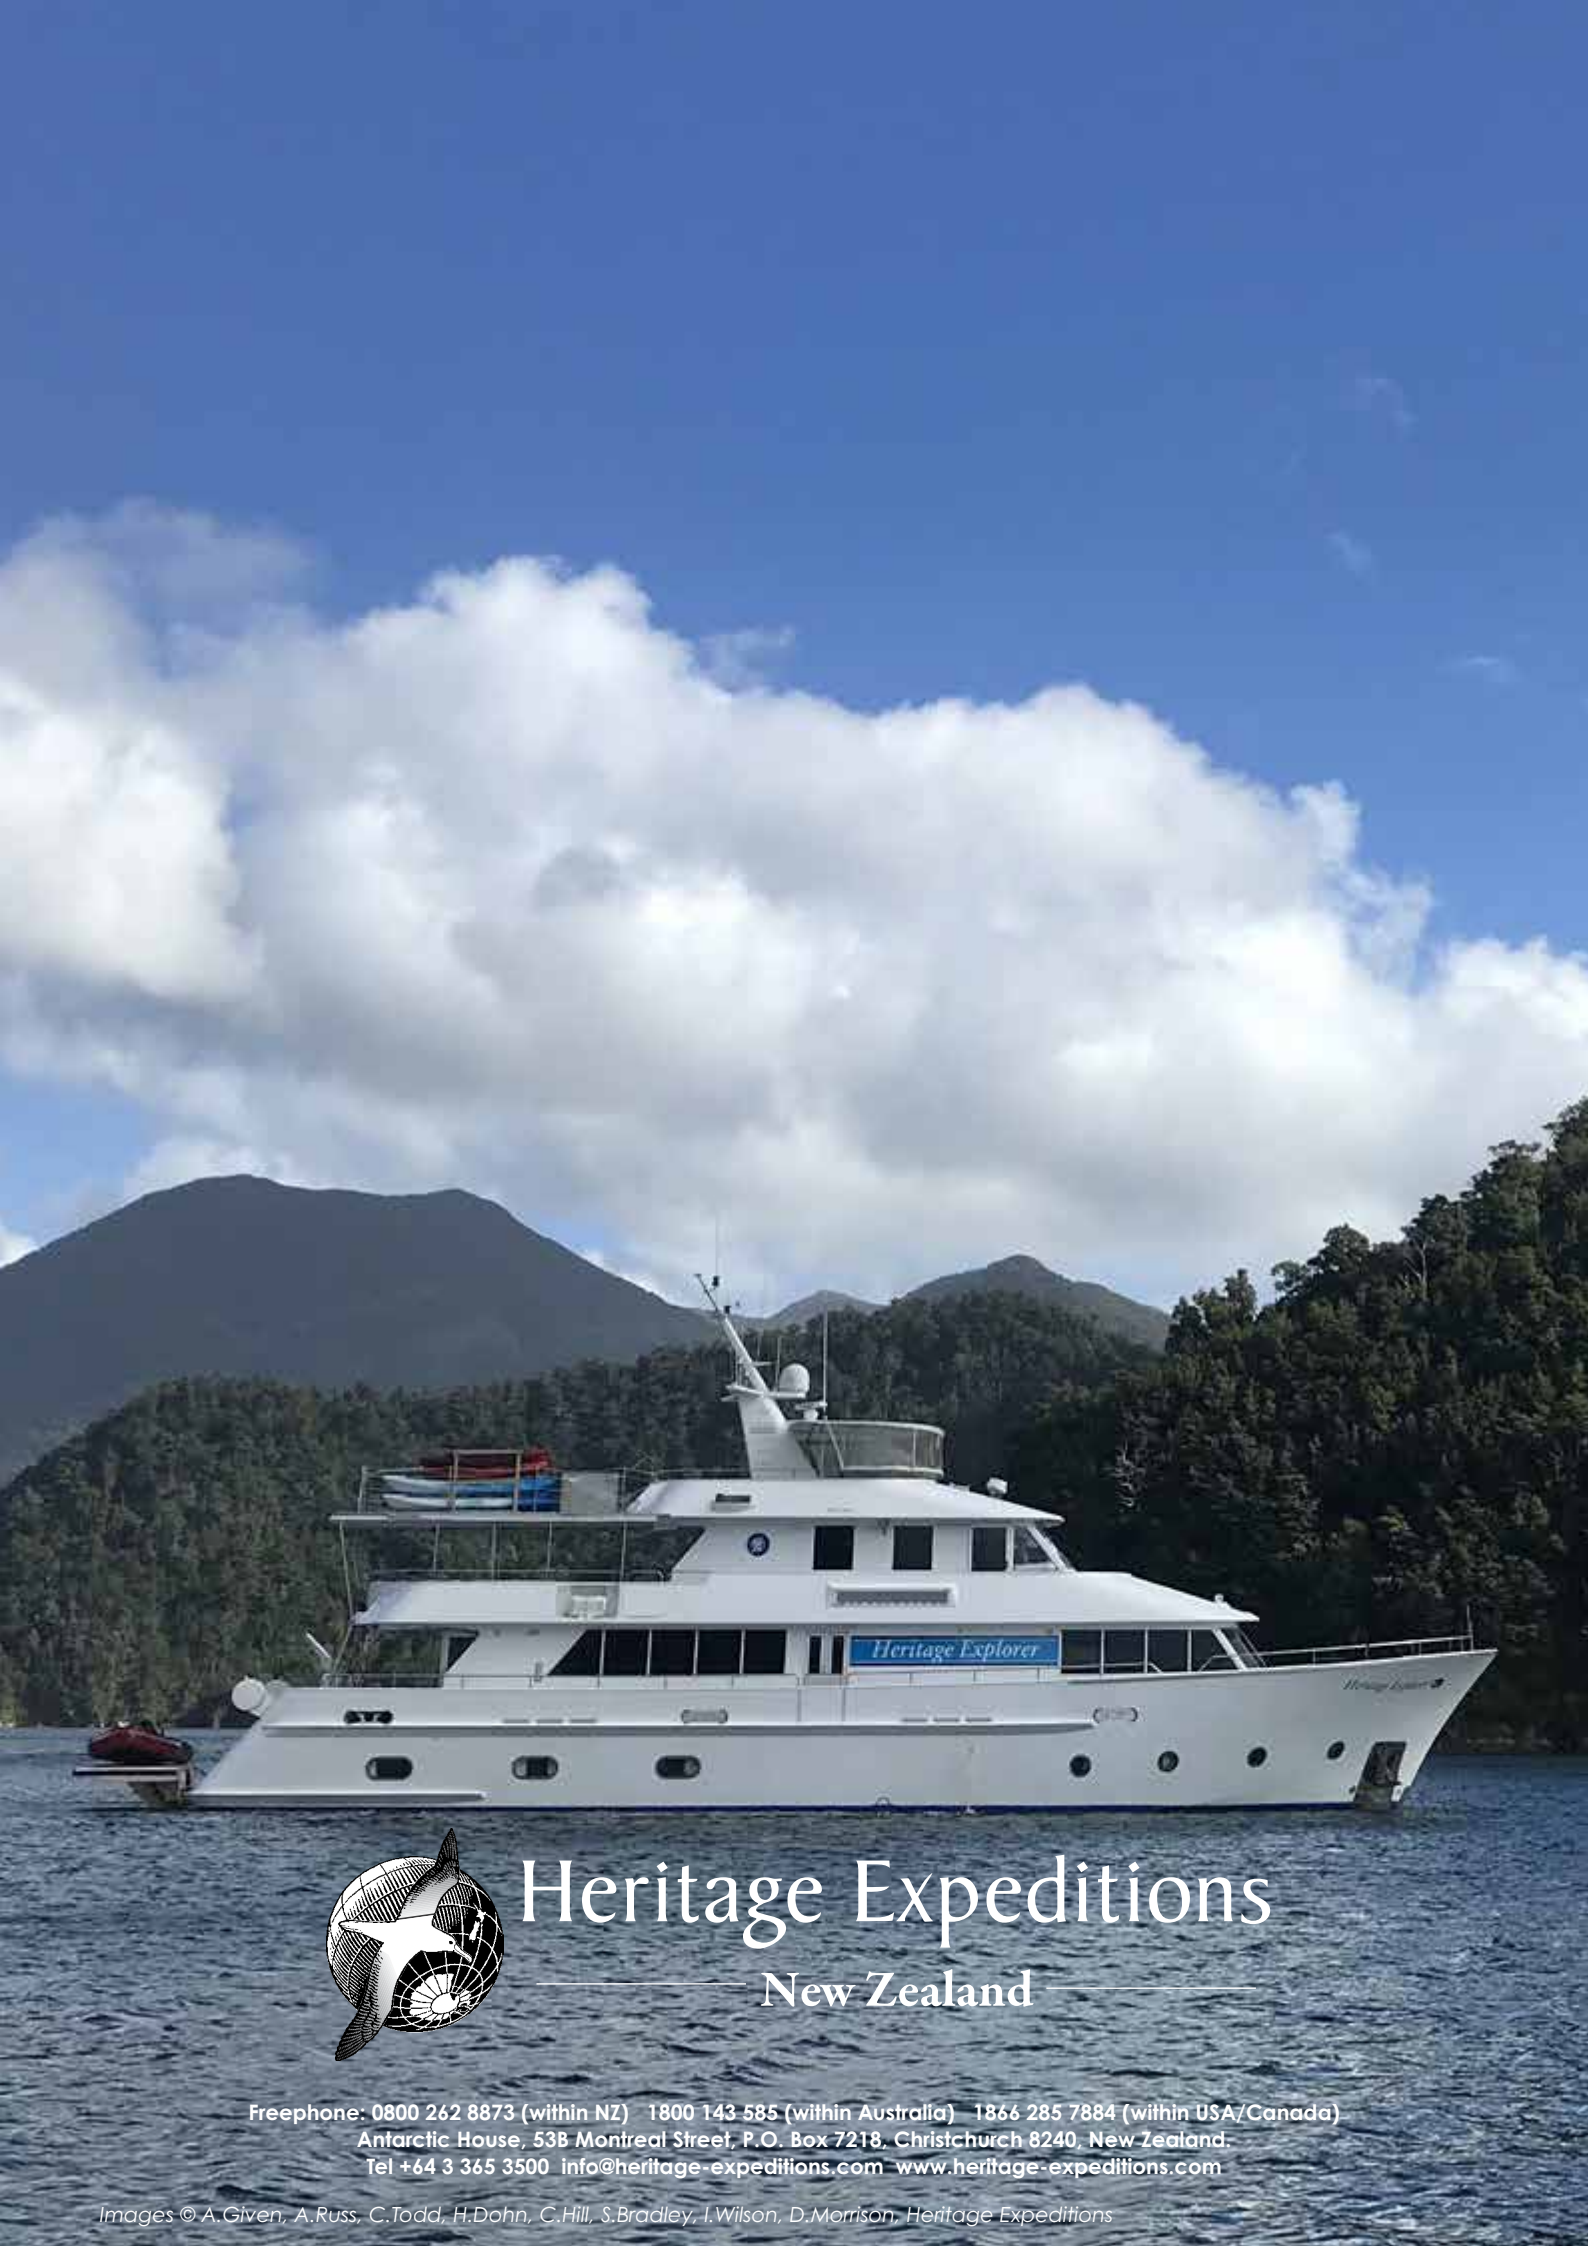

Chris Todd grew up exploring New Zealand's great outdoors. He studied natural history, nature conservation and National Park management and has run ecological restoration projects, worked for the Department of Conservation and Forest and Bird. Chris enjoys sharing his love and knowledge of wildlife and wild places, plants, nature and conservation.

Courtney Rayes' passion for the life aquatic steered her towards a career in marine biological science. An avid scuba diver, Courtney spent a year-long scholarship working on marine conservation projects around the world including marine education in Papua New Guinea. When she's not working you'll find her in or on the water.
